

SATURDAY ACTIVITY

29-07-2017

Every child is an artist. Keeping this thought in mind and to explore the creative potential in the students, painting competition was organized in Saturday activities. There were five categories in it: paint my dream, finger painting, spray painting, ladyfinger painting and thread painting. Armed with colors and bright ideas, students from 6th to 10th class participated in the competition with great enthusiasm. They unleashed their creative thoughts and ideas on the drawing sheet and prepared colorful paintings. An inter-house On the Spot Rakhi making and card making competition was also organized in which four students from each house were selected by the house in charges and they also exhibited their talent by making beautiful rakhies and cards in which they outdid one another in terms of creativity and innovative ideas. Students enjoyed a lot during this activity.
