

Atal Tinkering Lab

Atal Tinkering Labs(ATL) are a part of the Atal Innovation Mission (AIM) launched by the NITI Aayog, Government of India. These labs are being set up to foster curiosity, creativity and imagination in young minds and inculcate skills such as design mind set, computational thinking, adaptive learning etc. Our children will get a chance to work with tools and equipment to understand what, how and why aspects of STEM (Science, Technology, Engineering and Math).

ATL is a work space where young minds can give shape to their ideas through hands on do-it-yourself mode and learn innovation skills. The vision is to ‘Cultivate 1 Million children in India as Neoteric 1 Innovators’. It is a matter of immense pride that Gita Niketan Awasiya Vidyalaya is selected for establishing Atal Tinkering Lab.
